John Adams is an international speaker and practitioner and teacher of Christian Science healing. He originally moved to New York City from the Midwest to pursue an acting career, studying with Lee Strasberg and Herbert Berghoff.

Adams was healed of a serious drug habit through his study of Science and Health with Key to the Scriptures by Mary Baker Eddy. This healing changed his life, bringing renewed commitment to his spiritual journey. He sold his businesses and in 1985 took up the full-time work as a practitioner of Christian Science healing.

Child care provided. Sponsored by First Church of Christ, Scientist, Austin.
